Project Wailoa Power Station 110V DC System Replacement
Tender No. MR77/2016

-
1. Please find attached responses to the following questions raised by bidders for the above project:-

Q1. Is it possible to send a SLD for the DC system please?

A1. Provision of the Single Line Diagram is a responsibility of the Contactor. The configuration of the 110V DC system is clearly described in the Specification.
